

### **Assistant (Care) – Clonakilty**

A Volunteer is required to assist a person we support with a moderate to severe level of intellectual disability, wheelchair user, to engage in simple tasks such as Art or Music. There may be some aspects of personal care involved.

Previous experience of working with people with an intellectual disability would be an advantage but is not essential. Ideal hours would be Monday and Wednesday from 2 to 4 pm but we can be flexible depending on volunteer's availability.

This role would suit someone recently qualified in a pre-nursing course or a FETAC course in the care area. It would provide good work experience to someone who wants to work in the care sector.

If you are interested please contact Milly Farrell on 021-4643294 or e-mail [volunteer@cope-foundation.ie](mailto:volunteer@cope-foundation.ie)
